

LAUNCHING OF 2024 FUNDRAISING PROJECT

BENEFITTING ORPHANS AND VULNERABLE CHILDREN TO ASSIST TOWARDS, NUTRITION, LITERACY, AND SOCIAL REINTEGRATION

Dear Humanitarian Patron,

We are excited to announce the launch of Minority Health Promotion Initiative, Inc, a non-profit organization dedicated to providing humanitarian services to the underserved and underprivileged in society. Our mission is to assist orphans and vulnerable children by providing nutrition, enhance literacy, and building social reintegration skills through our global partners. Our motto is "humanitarian services to the underserved and underprivileged in society". We are also happy to announce the launch of our website, www.minorityhealthpromotion.com, where you can learn more about our mission and how you can get involved in making a difference in the lives of the orphaned children in need.

According to UNESCO, in the entire continent of Africa, there are an estimated 52 million orphans representing 30 percent of the orphan population worldwide (140 million). Statistics for orphans combine three groups, including those that have lost a mother, a father, or both parents. Our global partners serve orphans and vulnerable children in Malawi, Sierra Leone, Nigeria, Eritrea, and Cameroon.

We invite you as a matter of urgency to support our cause to foster the execution of our project to raise funds to benefit orphans and vulnerable children starting 2024.
